

We'll help you store and secure your products and equipment

We have the inventory space your business needs

Warehousing and Logistics

Could you benefit from having additional warehouse space available to you for your large or nationwide deployments? We have large, secure warehouses spread across the country to help with your warehousing and logistical needs.

A Logistics Specialist is here to assist you.
Call today to learn more.

800-700-1000
www.PCM.com

Take advantage of the national reach of our storage facilities for your next deployment or corporate move. Our specialists will help you ship, store and secure your valuable business assets.

PCM has three warehousing locations to provide improved shipping and deployment times for those projects that require a national reach. They are located in Columbus, Ohio; Memphis, Tennessee; and Irvine, California.

All together, we have over 500,000 square feet of inventory space. Each of our facilities is physically secured with all access controlled and managed. Our on-site security team is there around the clock to provide the necessary controls for the protection of our clients' assets and physical inventory.

All of our warehouses are integrated with the same tools, processes and capabilities to provide seamless deployments across the U.S. With over 25 years of experience, we are experts in receiving, securing, storing and shipping products in support of your IT projects, and we can tailor our solutions to meet your needs.

Capabilities

You can use our warehouse and inventory management capabilities for a variety of purposes:

- Storage of constrained products
- Deployment projects that might spread out over many months
- Redeployments
- Equipment refreshes

Our system can easily integrate to your ERP system or provide a seamless punch-out from other procurement systems, like Ariba or Oracle Exchange.

Logistics

Our facilities are fully staffed with logistics professionals, project managers, technicians and operations experts. We can get your product to you when and where you need it with competitive pricing and the assurance of delivery that our many years of experience provide.

- Shipping leverage with all major carriers
- Less Than Truckload (LTL) Freight Shipments
- Just-in-time delivery
- Drop ship
- SKU-based asset management
- Inventory reporting

Call your Logistics Specialist today to learn more about putting our warehousing and logistics services to work for your organization.
