## Now with BlackBerry PlayBook OS 2.0

### BlackBerry PlayBook Communicates.

A powerful unified inbox within the built-in messaging app allows users to quickly manage their personal email and work email accounts as well as the messaging capabilities of popular social networking sites like Twitter®, LinkedIn® and others – all in one place.

With front and rear facing HD cameras and dual stereo speakers, video chatting between BlackBerry PlayBook users is better than ever.

Start a BBM™ chat using BlackBerry Bridge to stay in touch with family and friends, coworkers and teams in real time.

### BlackBerry PlayBook Works.

Circulate through a lecture hall while flipping through a presentation or pause media from a podium on a BlackBerry PlayBook connected to an HDMI-capable TV, monitor or projector.

Create and share documents from anywhere or make edits that just can't wait with Documents to Go® Premium.

### BlackBerry Bridge Technology

Get more out of your BlackBerry devices by allowing them to work together. New BlackBerry® Bridge™ features let your BlackBerry smartphone act as a keyboard and mouse for your BlackBerry PlayBook and more...

### BlackBerry PlayBook Performs.

BlackBerry PlayBook is expertly designed to be fast and intuitive. Its elegant interface and simple gestures keep apps and information just a swipe or a tap away so professionals can perform on the go.

BlackBerry PlayBook takes the stunning richness of Flash media and dynamic web-based applications almost anywhere. A super fast Webkit browser engine and built-in support for HTML5 and Adobe® Flash® 11.1 provide access to incredible web experiences and put your work intranet sites just a click away.
