# 2011 Sony® Blu-ray Disc™ Home Theater System Features

## **Universal Playback: Blu-ray Disc, DVD, CD, SACD, AVC-HD**

Enjoy Blu-ray Disc movies in brilliant high-definition resolution or upscale the quality of your DVDs to near HD.<sup>8</sup> Also supports CD, SACD and AVC-HD formats.<sup>1</sup>

## **1000 Watts Total Power Output**

Get rich, powerful sound with 1000 watts of surround sound (167Wx5+165W; 30hms, 80Hz-1Khz, 1% THD).

## **Internet Streaming**

Instantly stream a great selection of movies, TV episodes, videos and music from Netflix®, Pandora®, Slacker®, YouTube™ and more.<sup>1</sup> There's always something you'll want to watch.

## **HDMI™ Input (2) / HDMI™ Output (1)**

Connect two HD sources via HDMI and easily switch between them.<sup>9</sup>

## **iPhone®/iPod® Dock**

Share your personal music, photos, and videos using the included iPod® or iPhone® dock.<sup>2</sup>

## **3D in Full HD 1080p**

Take your Full HD 1080p Blu-ray Disc movie experience to the next level with built-in 3D capabilities.<sup>3</sup>

## **HD Audio Decoding (Dolby® TrueHD and dts®-HD Master Audio)**

Experience high quality, uncompressed HD surround sound the way movie makers intended.<sup>4</sup>

## **Sony HomeShare™ capable**

Create a customized home audio experience and share music throughout your house with built-in HomeShare™ capabilities.<sup>5</sup>

## **“Media Remote” App for iPhone®, iPad® and compatible Android™ Smartphones**

Turn your iPhone®, iPad® or compatible Android™ Smartphone into a remote control with a full QWERTY keyboard for search use by downloading the free “Media Remote” app.<sup>6</sup>

## **DLNA®**

Wirelessly connect to your PC to stream music and access videos and photos to your Blu-ray Disc™ home theater system.<sup>7</sup>

## **Additional content search & movie info (powered by Gracenote™)**

Access detailed information about the movies you are watching and search across select internet apps to find additional related entertainment.

## **Wider Speaker Sound Stage**

Enjoy amazing sound quality over a big area, thanks to uniquely designed speakers that provide a wider “sweet spot.”

## **Wi-Fi® Built-in**

Enjoy the convenience of built-in wireless connectivity and easily access the best online entertainment including movies, photos, music, videos and more!<sup>1</sup>

## **Wi-Fi® Ready (adaptor sold separately)**

Easily connect to your wireless broadband network with the optional UWA-BR100 Wi-Fi adaptor.

## **Wireless Rear Speakers**

Enjoy 5.1 channel surround sound without running wires across the room to the rear speakers.

## **Premium 2-Way Speakers**

Enjoy outstanding sound with premium speakers that deliver better highs and lows using high-quality tweeters and woofers.

## **Universal Remote**

Control connected products with one remote. A simple on-screen set-up tutorial helps you easily program the remote.

<sup>1</sup>Broadband speed of at least 2.5 Mbps recommended (10 Mbps for HD). Content subject to change and may require fees. <sup>2</sup>Works with most iPod models. <sup>3</sup>Requires 3D content, 3D 1080p HDTV, 3D glasses, 3D emitter, and HDMI cable (at least 10.2 Gbps). <sup>4</sup>Requires HDMI cable and LPCM capable receiver. <sup>5</sup>Requires Sony Network speakers (SA-NS400 and SA-NS300) sold sep. Wireless audio streaming requires wireless 802.11 home network, and UWA-BR100 USB adapter for Wi-Fi Ready models. <sup>6</sup>Requires devices connected to the same wireless home network. <sup>7</sup>Requires 802.11 home network and content stored on a DLNA® compliant PC or server. Wi-Fi Ready models also require UWA-BR100 USB adapter. <sup>8</sup>Requires HDTV with equivalent display and HDMI cable sold separately.
