

# Lease to Your Advantage

## Why Should You Lease Your Technology?

Working with major technology partners like HP, Lenovo, Dell and Apple, PCMG has the industry experience and expertise to give you a technology leasing solution that reduces the total cost of ownership while still giving you all the benefits. Leasing with PCMG helps protect you against technology obsolescence which is caused by aging hardware. We can customize a lease solution to ensure the procurement, deployment and implementation that is best for your organization.
